Southern Housing Group is one of the largest housing associations in southern England, housing 66,000 residents, owning and managing 24,000 homes, employing 900 people and working with more than 80 local authorities

The Group's activities centre on the development of quality affordable housing, housing and neighbourhood management, a range of housing options for rent and home ownership, and social investment. We believe that investing in people and communities is as important as building homes, and this philosophy has informed our activities for over 100 years.
