Hannah House

Hunnyhill, Newport PO30 5HN

We provide safe accommodation for adults with mental health problems who have a continuing need for support.

One full-time and one part-time member of staff, managed by a team leader from Newport Mental Health Services, provide support on a rota from Monday to Friday. Out of hours, residents can call the Wightcare emergency service using buttons installed in their flats.

Residents are encouraged to be as independent as possible, but can be assisted with budgeting, form-filling, social and daily living skills. Staff organise activities such as coffee mornings.

Hannah House is situated a short distance away from the town centre, doctors, churches and the library.

We welcome residents from all sections of the community.

How to get there

Road Hannah House is situated close to the Newport town centre.

Bus The Island's central bus station is 10 minutes' walk.

Schemes for adults with mental health problems

South Wight Housing Association provides accommodation with shared facilities for more than 60 adults with mental health problems, at seven addresses on the Isle of Wight.

To be offered a place, a prospective resident must be referred to the scheme by one of our partner agencies, such as social services or the NHS, before being assessed.

Residents sign up to an occupancy agreement and work with us to draw up a plan of the support they will receive while living at the scheme. The cost of this support is met by funding from the council's Supporting People budget.

We provide staff at the schemes for 24 hours a day and seven days a week. Their job is to:

- help residents manage their occupancy agreements
- promote independence
- encourage personal safety
- help residents manage their finances, including claiming benefits and paying their rent
- improve residents' domestic and social skills
- work to find permanent homes for residents to move on to
- encourage residents to get involved in scheme activities
- involve other organisations that have resources to offer our residents.
