# Schemes for adults with learning disabilities

South Wight Housing Association provides accommodation with shared facilities for more than 40 people with learning disabilities, at five schemes on the Isle of Wight.

To be offered a place, someone must be referred to the scheme by one of our partner agencies, such as social services, before being assessed.

Residents sign up to an occupancy agreement and work with us to draw up a plan of the support they will receive while living at the scheme. The cost of this support is met by funding from the Council's Supporting People budget.

We provide staff whose job is to:

- support residents to maintain their occupancy agreements
- promote independence
- encourage personal safety
- help residents manage their finances, including claiming benefits and paying their rent
- improve residents' domestic and social skills
- encourage residents to get involved in scheme activities
- where appropriate, help to find alternative homes for residents to move on to
- involve other organisations that have resources to offer our residents.
