The scheme is home to eight residents with varying degrees of learning disability.

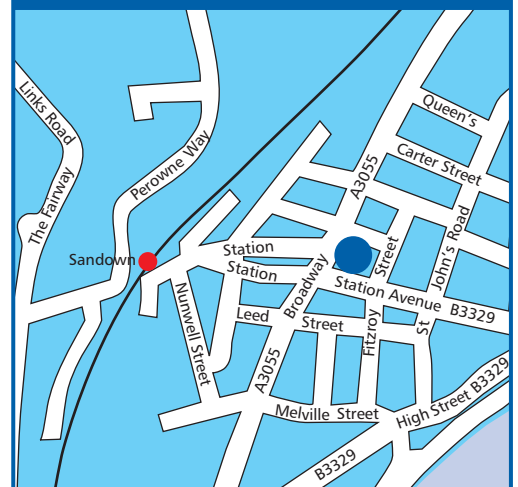

Two residents share a two bedroom, self-contained flat, which has an entrance from the house as well as a separate entrance from outside. There are also six other rooms, some with ensuite facilities.

Residents share a communal lounge, dining room, kitchen and conservatories. There is also a staff office. We work in partnership with Fair Haven Housing Trust who have contributed generously to improvements to the building and furnishings in recent years.

# Schemes for adults with learning disabilities

South Wight Housing Association provides accommodation with shared facilities for more than 40 people with learning disabilities, at five schemes on the Isle of Wight.

To be offered a place, someone must be referred to the scheme by one of our partner agencies, such as social services, before being assessed.

Residents sign up to an occupancy agreement and work with our staff to draw up a plan of the support they will receive while living at the scheme. The cost of this support is met by funding from the council's Supporting People budget.

We provide staff at the scheme for 24 hours a day and seven days a week. Their job is to:

- support residents to manage their occupancy agreements
- promote independence
- encourage personal safety
- help residents manage their finances, including claiming benefits and paying their rent
- improve residents' domestic and social skills
- encourage residents to get involved in scheme activities
- where appropriate, help to find alternative homes for residents to move on to
- involve other organisations that have resources to offer our residents.
