Sandham House

17 Fort Street, Sandown PO36 8BA

At Sandham House, we provide safe accommodation for adults with mental health problems who have a continuing need for support.

A team of support workers, led by a team leader, provide support 24 hours a day. Residents are encouraged to be as independent as possible, but can be assisted with budgeting, form-filling, social and daily living skills. Staff can also assist in accessing services and resources from other agencies.

As well as bedsit units and an adjoining flat for a parent and children, we provide a respite facility for people in crisis, which can be accessed via the mental health access and treatment service.

Sandham House is a short distance from the beaches, town centre, doctors and local churches. We welcome residents from all sections of the community.

Call Care and Supporting Independence on **01983 522 479** option 1, then option 2.

Schemes for adults with mental health problems

Southern Housing Group provides accommodation with shared facilities for more than 60 adults with mental health problems, at four locations on the Isle of Wight.

To be offered a place, a prospective resident must be referred to the scheme by one of our partner agencies, such as social services or the NHS, before being assessed.

Residents sign up to an occupancy agreement and work with us to draw up a plan of the support they will receive while living at the scheme.

We provide staff at the schemes for 24 hours a day and seven days a week. Their job is to:

- help residents manage their occupancy agreements
- promote independence
- encourage personal safety
- help residents manage their finances, including claiming benefits and paying their rent
- improve residents' domestic and social skills
- work to find permanent homes for residents to move on to
- encourage residents to get involved in scheme activities
- involve other organisations that have resources to offer our residents.
